Our **EssentialLaw™** Will Packages

We understand that our estate planning clients lead busy lives and completing their estate planning is not always a top priority. However, we also see the consequences (sometimes tragic) that family members face when the unthinkable happens, and their loved one passes away without a will, or becomes sick without having appointed healthcare and financial agents to manage their affairs.

Proper planning is crucial to ensure that your assets benefit the loved ones of your choosing. A complete estate plan package, such as our EssentialLaw Will Package, helps to minimize delay and costs associated with probate and is truly a gift to your loved ones, providing clarity and certainty in the difficult times that come with your incapacity or death.

The team at Lucent Law designed our EssentialLaw Will Package to be a friendly, quick and easy-to-use process to help our clients create a customized estate planning package. It is perfect for individuals and married couples without taxable estates, with or without children. Our Guided Questionnaire[™] is a unique and secure online guide that you can use from the comfort and privacy of your own home to create a unique estate plan that best suits your goals.

What's Included in the **EssentialLaw™** Will Package?

GUIDED QUESTIONNAIRE™ & ESTATE PLANNING CONSULTATION

As an EssentialLaw Will Package client, you are provided exclusive access to our online Guided Questionnaire, which guides you through an easy-to-use process to create your customized estate plan. Designed by estate planning lawyers, our Guided Questionnaire

provides interactive help along the way. After you've completed the Guided Questionnaire, you'll schedule a consultation with your estate planning lawyer to discuss your plan details in depth and to get your questions answered. Your estate planning team at Lucent Law will then prepare drafts of all documents included in the package (described below) for your review.

CUSTOMIZED WILL

A Will is a legal document that allows you to say who gets your assets after your death and who is going to oversee the distribution of those assets. It also may include guardianship and trust provisions to appoint someone to care for your minor children and manage the assets you leave to them. Without a Will, the laws of the state will dictate what happens to your assets - and the results could differ greatly from what you would prefer. Even the most basic Will is better than nothing, and the cost can be very reasonable.

FINANCIAL & HEALTHCARE POWERS OF ATTORNEY

A Power of Attorney provides for management of your assets and affairs during your lifetime if you are unable to manage things yourself, due to illness, disability, or other form of incapacity. It allows you to designate a representative, such as your spouse, your adult child, or a trusted friend or advisor, to perform certain actions for you if you are unable to manage your affairs. Without a Power of Attorney, decisions may be made for you by a court or a guardian chosen by a court. Planning ahead with a Power of Attorney lets you make those choices. Our EssentialLaw Will Package includes separate Powers of Attorney for financial matters and healthcare decisions, so you can designate different representatives for financial matters versus healthcare decisions, if you choose.

ADVANCE HEALTHCARE DIRECTIVE

Sometimes referred to as a "living will," an Advance Healthcare Directive gives instructions to your healthcare providers, family, and healthcare representative (named in your Healthcare Power of Attorney) regarding your wishes for end-of-life care if you are in a permanent unconscious or terminal condition. It allows you to specify certain types of care you want provided or withheld, and allows you to express your wishes as to whether you want to be kept alive by medical treatment if you are unable to make decisions, our Advance Healthcare Directives provide additional options to allow you to state whether you want IV antibiotics in these end-of-life scenarios.

LucentLaw

STEP 1

Purchase our EssentialLaw Will Package and complete our helpful Guided Questionnaire. If you have questions on any page of the Questionnaire that are not answered by our detailed Guidance Center, you can ask those questions of your Lucent Law lawyer on the page. You can save your progress in the Guided Questionnaire at any time and complete it at your own pace.

If you purchased the Married Couple version of our EssentialLaw Will Package, your spouse will fill out a similar Guided Questionnaire, helpfully prefilled with information you entered in **Step 1.**

STEP 2

We'll schedule a consultation between you (and your spouse, if applicable) and your lawyer after we review your completed Guided Questionnaire. We've designed our Smart Consultation to be a friendly conversation with you, where we'll get to know you better and go over your information and estate plan choices. Your lawyer will have reviewed your information and questions left in your Guided Questionnaire and will be ready to answer your questions, confirm the information you provided, and finalize your estate planning choices.

STEP 3

Your lawyer will draft your customized estate planning documents and send them to you to review. Our helpful estate planning team will answer any additional questions and will make necessary changes after you've reviewed the documents.

It's time to sign your estate planning documents! You can schedule a time to meet with the Lucent Law team for signing, or we can help coordinate the signing at the location of your choice. For an additional fee, we can arrange for a mobile notary to visit you or your signing.
